LEXELL BLUE'S COSTPOINT HEALTH CHECK

Is a Costpoint Health Check for you...

1. Have you encountered the loss of crucial Costpoint knowledge with the departure of key personnel?
2. Is the burden of numerous offline processes and tools weighing down your progress?
3. Has the nature of your business evolved since the initial implementation of Costpoint?
4. Do you sense that your Costpoint investment holds untapped potential?

What to Expect in a Costpoint Assessment

Task	Description
Planning & Kickoff 	<ul style="list-style-type: none"> • Planning for workshop logistics and resources. • Understand the history of Costpoint, the company's organizational and business changes, and future plans. • Review major issues, weaknesses, and roadblocks to improvement.
Functional Workshops 	<ul style="list-style-type: none"> • A comprehensive and holistic review of in-scope business functions (Finance, Projects, Labor, HR, Procurement, Contracts, Operations, etc.). • In-depth analysis of business requirements, Costpoint system configuration and architecture, business processes, external systems and tools, reporting, system requirements, known challenges/issues, and system maintenance processes.
Costpoint Health Check Report 	<ul style="list-style-type: none"> • Includes an Executive Summary, Current State Overview, and Optimization/Improvement Recommendations. • Follow-up meetings to review findings and prioritize a Get Well Plan.
