## Meet and Leverage Lexell Blue's Manufacturing Excellence

**DAVE DESROSIERS**  
Principal Consultant

Dave became a Platinum Subcontractor at LB in February 2023, bringing over 30 years of ERP experience in manufacturing, production planning, master scheduling, inventory management, and procurement across commercial and government sectors. Throughout his career, Dave has overseen numerous Costpoint implementations and spearheaded process improvements to align with best practices. His roles have included EST Manager, Costpoint Supply Chain, Lead Costpoint Materials/Supply Chain Principal, Sr. Business Process Analyst for Materials Management & Procurement, Sr. Materials Planning Manager, and Director of Supply Chain Management. Dave's expertise extends to ISO internal auditing and operational excellence, where he has applied methodologies such as Hoshin Kanri and Quick Response Quality Control (QRQC). He holds certifications in Materials Management & Accounting Systems (MMAS), Government Property Management, Costpoint Procurement, Costpoint Materials Management Master, and Costpoint Manufacturing.

### 1 INDUSTRY EXPERIENCE

Dave brings a wealth of experience to the table. With an impressive background that includes roles in Materials Management, Manufacturing, and Supply Chain leadership in the commercial and government sectors. He has gained extensive experience that allows him to approach challenges with a comprehensive understanding of the industry.

### 2 HOLISTIC APPROACH

Dave's hands-on experience in these cross-functional areas allows him to speak the same language as the clients, relate to their concerns, and offer solutions taking a holistic approach to deliver effective results.

### 3 ABILITY TO RELATE

When interacting with clients, whether gathering requirements, configuring their design, building training, and test plans, or working on Supply Chain or Manufacturing optimization projects, Dave is able to understand clients' needs and provide customized solutions that incorporate best practices and allow for growth.

### 4 NOTABLE PROJECTS

Dave has successfully supported ERP migrations, new implementations, upgrades, and Supply Chain and/or Manufacturing optimization projects, both commercial and government, domestic and international, across many industries such as: Space, Aerospace & Defense, Military Relocation & Readiness, Chemical, Biological, and Radiological and Nuclear Defense, ISR, IT Services, Professional Services, Electronic Equipment, Instruments & Components.

### 5 DELTEK CERTIFICATIONS

- Costpoint Materials Management Master Certification
- Costpoint Manufacturing Certification
- Costpoint Procurement Certification
