

THE LEXELL BLUE DIFFERENCE

Deltek

Premier Partner

INTEGRATION & EXTENSIBILITY SHOWCASE

At Lexell Blue, our Integrations and Extensibility Platinum consultants bridge the gap between Deltek Costpoint and the evolving ecosystem of your business systems. Whether you need seamless data flow between Costpoint and a CRM, a custom API, or automation to eliminate manual processes, our experts are fluent in designing scalable, secure, and smart solutions tailored to your needs.

Solutions that Fit—Not Force

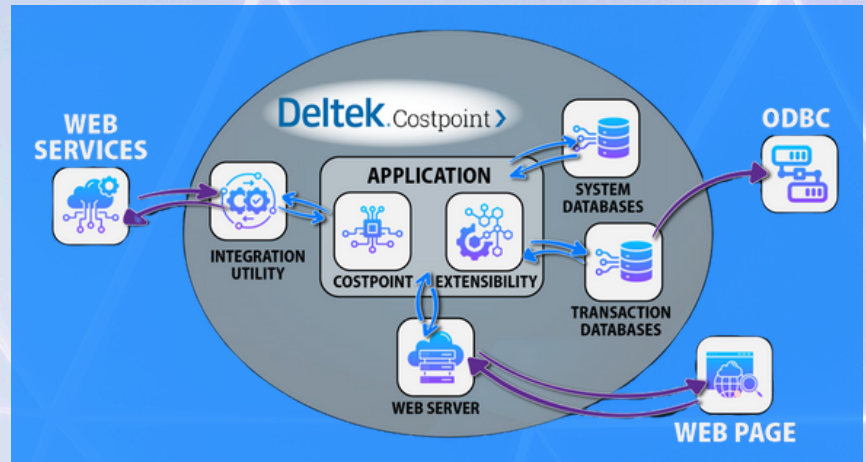

Our consultants don't just connect systems—they architect solutions. Leveraging years of experience and deep knowledge of Costpoint's web services, Extensibility Framework, and custom integrations, they deliver enhancements that feel native, streamline operations, and adapt as your business grows.

Seamless Integration, Lasting Impact

From initial scoping and technical design to deployment and support, Lexell Blue's team ensures integrations are not just functional—they're reliable, compliant, and built to last. We prioritize clean data flows, reduced redundancy, and long-term maintainability to reduce risk and elevate your ROI.

Your Integration Allies

With Lexell Blue, you're not just getting a technical resource—you're gaining a strategic partner. Our consultants take the time to understand your operations and goals, then bring forward solutions that empower your teams to do more with less.

Experts Behind the Innovation

Meet four of our powerhouse consultants who lead the way in Costpoint Integrations and Extensibility. Their combined experience spans dozens of successful client deployments, custom development efforts, and game-changing automations.
